Dear Susan —

Pete & I (& Adam I am sure) enjoyed spending the evening with you. You have made me think about so many things that I have almost let go. We look forward to meeting our cousins Robert & Stephen (&?).

I enclose the info we went over in an order that makes some sense to me. David has the same packet. Old & new pictures will follow.

We thank you so much for calling us

is remembering us. The new year  
beginning in September has been  
a time of renewal for our tiny  
Jaffe family - that is encouraging

Love  
David
